

Hygiene Kit Program

Union Station Homeless Services' *Hygiene Kits Program* helps us provide people experiencing homelessness with a "Hygiene Kit" of necessary items. This important program assists Union Station in meeting the basic needs of the people we serve as they rebuild their lives and escape homelessness. We need individuals or volunteer groups to provide basic hygiene items using the list below as a guideline. If you, your family, business, faith-based, civic or social group have any questions regarding the programs, please email: inkinddonations@unionstationhs.org.

Hygiene Kits items:

The following list is suggested items for a Hygiene Kit. It is up to you and your group to decide how you would like to creatively package the items. You are welcome to provide an inspirational note in the kits as well.
